Company Highlights

Multiple office locations, combined with a robust staff, result in the capability for the JV to complete projects both within the United States and abroad.

NHV currently employs 210 personnel, has its corporate headquarters in Honolulu, HI, and has performed work in 20 countries and all 50 states.

USA has its Headquarters in Oldsmar, FL and is the primary office serving CONUS and OCONUS programmatic and logistics requirements. We also have an office in Honolulu, HI (co-located with NHV). These are supplemented by USA's smaller regional offices located in Knoxville, TN; Denver, CO; Virginia Beach, VA.

A Munitions Response Provider

Environmental, Inc.

NHV/USA Joint Ventures

Who We Are

Native Hawaiian Veterans provides services, solutions, and products in the areas of Homeland Security, Emergency Management, Information Technology, Professional Staff Augmentation, Munitions and Explosives of Concern (MEC) and Environmental Remediation, Community Relationship, Public Outreach, and Strategic Communications/Creative Services.

USA Environmental provides services to government and private sector clients worldwide for remediation of MEC/MC. Incorporated in 1998 as a Small Business, USA is a full service munitions response provider with core capabilities that include MEC/MC characterization, geophysical services, range sustainment, construction support, underwater MEC investigation/removal, and community education.

A History of Joint Experience

NHV and USA's joint experience dates back to 2009. The team's first JV was Malama 'Aina, which was established in 2011. The following business designations represented the Malama 'Aina JV:

- 8(a)
- Service-Disabled Veteran-Owned Small Business (SDVOSB)
- Native Hawaiian Company
- Small Disadvantaged Business
- Indian Incentive
- Minority Business Enterprise/Disadvantaged Business Enterprise (MBE/DBE)

The NHV and USA team has developed extensive combined experience and demonstrated the ability to successfully work together on numerous projects, including the following:

- Site Inspection (SI) at Fort Battery, HI
- Remedial Investigation/Feasibility Study (RI/FS) at Waikane Valley, HI
- Range Clearance at Kaneohe, HI
- SI at Kanahena, HI
- Munitions Propellant Grains Field Investigation at Oahu Beaches
- SI at four Army National Guard Sites in Hawaii
- RI/FS at Oahu Target Islands and Makanalua Bombing Range, HI
- RI/FS at Waikoloa Maneuver Area, HI
- Range Operations and Remediation, Falcon Range, Fort Sill, OK

Current Joint Ventures

NHV/USA have completed their first Joint Venture, Malama 'Aina, and have two additional JVs currently in place:

Hui 'Ohana, SDVOSB
&
Hui Malama 'Aina, 8(a)

NHV/USA are working on acquiring a Certified Mentor Protégé status to be approved by the Small Business Administration (SBA).
